

We are the Great Turning

What is the Great Turning?

It's a societal shift away from an industrial growth society towards a more sustainable civilisation. Our small group will meet to share our fears and grief, and to gift each other love, courage and connection as we face the coming crises with new eyes.

How do we live and support each other at this time?

Before each meeting we will listen to Jess Serrante interview eco-spiritual teacher Joanna Macy. We will discuss what it takes to live with our hearts and integrity intact in this time of global crisis. Together we'll find wisdom to stay joyful, energised and grateful for life as we work toward a more just and life-sustaining future.

What will joining the group involve?

Ten face to face meetings of 1.5 hours each on **Thursdays from 3 – 4.30pm** in St Ninian's Lyneham church hall starting **19 June, pausing in July, and finishing 11 September**. The group is limited to 8 participants who can commit to attend all or most sessions. To register email info@benedictus.com.au

How will it work?

A link to the podcast [We are the Great Turning](#) will be emailed to you before each session. It will form the basis of discussion at the session. Katy Nicholls and Kate King will facilitate the sessions.

What to bring?

Journalling materials, a hat for occasional short outdoor excursions.
